Purpose.

This Extension Pack encourages learners to deepen their understanding of one aspect of Health & Safety covered in the lesson.

Learners will independently explore their chosen topic and present their extended knowledge using a multimedia format.

This supports confidence, creativity, and independent learning while reinforcing core safety principles.

Brief.

Choose **one aspect** of Health & Safety from the lesson (e.g., HSE, PPE, regulations, responsibilities, accident prevention).

Research this aspect further using the resources provided. Create a **multimedia presentation** that teaches others what you have learned. Your presentation can be:

- A short video
- A digital poster
- A narrated slideshow
- An infographic
- A voice recording
- A photo storyboard
- Or another approved format

Complete the worksheet in this pack to explain:

- 1.What topic you have chosen
- 2.Why you chose it
- 3.What you plan to create
- 4.What resources you will use
- 5.How your presentation will show extended knowledge

Bring your completed worksheet and your multimedia piece to the next session.

Resources.

- Unit 101 class notes
- HSE website: www.hse.gov.uk
- *Basic Construction Skills – Health & Safety* (City & Guilds)
- Classroom posters and displays
- Tutor-approved online videos or articles
- College VLE or shared drive for saving digital work

Assessment.

Your tutor will assess your work based on:

- Completion of the worksheet
- Quality and clarity of your multimedia presentation
- Evidence of extended knowledge beyond the lesson
- Accuracy of information
- Creativity and effort
- Ability to explain your chosen aspect confidently

Skills.

- Independent learning
- Research skills
- Digital literacy
- Creativity and multimedia production
- Communication skills
- Health & Safety awareness
- Organisation and planning
